

CAREER OPPORTUNITY

CIVIL ENGINEER (VANCOUVER)

Our Core Values are:

1. Safety
2. Innovation
3. Integrity
4. Fun
5. Sustainability

RAM is a technical consultancy providing Project Management, Construction Management, Engineering and Advisory services across Canada. RAM is searching for a motivated and energetic Civil Engineer to join our team in Vancouver, BC. The successful candidate will be an individual that enjoys a challenging, professional and dynamic workplace and will contribute to the success of a hard-working team.

➔ More About This Role

Due to extensive growth, our team requires a Civil Engineer for the Engineering Division in the Vancouver, BC office. This person will be an integral factor in growing this division and has the potential to develop into a leadership position. This role will incorporate a blend of client interaction and design to help this person succeed in their career.

Specific responsibilities of daily operations include:

- Creating detailed Civil designs, including scope clarification, estimates, and calculations;
- Work with contractors and responding to technical inquiries;

- Perform general duties as required such as printing/plotting, transmittal preparation, project tracking updates, submitting drawings to client/contractor;
- Responding to information requests from site and completing project documentation including 'as-builts', calculations and return of data to the client;
- Provide technical and administrative support through all phases of the project;
- Attend site meetings and communicate directly with clients; and
- Assisting in the preparation of client proposals and support business development.

➔ Ideal Candidate Requirements

- Bachelor's Degree in Civil Engineering;
- 7+ years of experience with municipal roads, highways and underground utilities design;
- Registered P.Eng., with Engineers and Geoscientists BC;
- Proficient with AutoCAD Civil 3D in drafting and design of civil infrastructure (Sewer, Water, Storm, and Road Works);
- Experience in underground electrical and communication duct design; specifically, with BC Hydro or Telus is an asset;
- Experience in pipeline trench and manhole design; specifically, with Fortis BC is an asset;
- Field experience;
- Strong oral and written communication skills;
- Familiarity with Municipal, MMCD and other local standards; and
- Familiarity with Utility Geographic Information Systems (GIS) software is an asset.

➔ Why You Should Join RAM

- Brand New Office Downtown
- Cell Phone Allowance
- Tuition Reimbursement and Career Planning
- 100% Health Coverage including MSP and Extended Health Benefits
- RAM Intramural teams
- Office Social Hours
- Business Casual Environment
- Quarterly Office Events

- Office Potlucks
- Community Involvement Days
- Quarterly Goal Setting
- Annual Performance and Salary Reviews

RAM is Canada's fastest growing professional services firm and is ranked **No. 82** on the 31st annual Growth 500 as per *Canadian Business and Maclean's* definitive ranking of Canada's Fastest-Growing Companies.
