

# CAREER OPPORTUNITY

## PROJECT MANAGER – MUNICIPAL INFRASTRUCTURE

RAM is a technical consultancy providing Project Management, Construction Management, Engineering and Advisory services across Canada. RAM is searching for a motivated and energetic Project Manager (Municipal Infrastructure) to join its team in Vancouver, BC. The successful candidate will be an individual that enjoys a challenging, professional and dynamic work place and contributing to the success of a hardworking team.

### ➔ More About This Project and Role

RAM's Project Management Team (PMT) are infrastructure delivery experts, from transportation to utility projects. Our experienced, in-house professionals have built cruise ship piers, rapid transit projects, utilities, overpasses, and highways for public and private clients. Due to extensive growth, our team requires a Project Manager (Municipal Infrastructure) to be a part of our team.

Further Responsibilities include the following:

- Overall project leadership;
- Manage consultants/contractors and respond to technical inquiries;

Our Core Values are:

1. Safety
2. Innovation
3. Integrity
4. Sustainability
5. Fun

- Prepare, develop, and report on project scopes, risk, schedules and budgets;
- Team leadership, including the coordination of resources;
- Meeting/workshop facilitation and leadership;
- Provide technical and administrative support through all phases of projects;
- Project Scheduling and cost estimate preparation;
- Contract administration leadership;
- Stakeholder management and engagement;
- Permitting management;
- Communication management;
- First Nations engagement;
- Project reporting (via meeting minutes, project status reports/memos, etc.), and field reviews;
- Chair and attend project and site meetings and communicate directly with clients/sub-consultants/contractors;
- Maintaining a respectful and professional working relationship;
- Active leadership role in business development and proposal preparation; and
- Mentor and develop Assistant Project Managers.

### ➔ Ideal Candidate Requirements

- Minimum of 7+ years of consulting or public-sector experience.
- Bachelor's Degree/Diploma in Civil, Electrical, Mechanical Engineering or similar education.
- Registered as an Engineer in Training (EIT) or Professional Engineer (P.Eng.) with EGBC considered an asset, or Registered Applied Science Technologist (AScT) with ASTTBC considered an asset.
- Experience with the application of project management best practices, tools, and techniques.
- Project Management Professional (PMP) designation with the Project Management Institute (PMI) considered an asset.
- Demonstrated project leadership, organizational and time management skills.
- Knowledge of applied design and construction methods.
- Good working knowledge of Microsoft Office Suite (Outlook, Word, Excel, SharePoint, Skype and Project).
- Effective verbal and written communication and presentation skills with project stakeholders, the public, clients, regulatory agencies and consultants/contractors.

- Excellent report and proposal writing skills.
- Experience assembling, managing and delivering construction contracts. The MMCD Certified Contract Administrator (MMCD CCA) designation is considered an asset.
- Proven conflict resolution skills.
