

CAREER OPPORTUNITY

INTERMEDIATE CONSTRUCTION MANAGER

Our Core Values are:

1. Integrity
2. Innovation
3. Fun
4. Safety
5. Sustainability

RAM is a technical consultancy providing Project Management, Construction Management, Engineering and Advisory services across Canada. RAM is searching for a motivated and experienced Intermediate Construction Manager to join our team working on projects across BC. The successful candidate will be an individual that enjoys a challenging, professional and dynamic workplace and contributing to the success of a hardworking team.

More About This Role

Additional responsibilities of daily operations include:

- Participate in weekly and monthly Construction Management department meetings;
- Provide value engineering assistance and constructability input where applicable;
- Work with the project team to have construction contracts be successfully completed within the approved Project budget and in accordance with the approved Project Master Schedule;
- Implement and manage weekly and/or monthly on-Site construction progress meetings where applicable;
- Work with the Project HS&E Manager to effectively implement the Project Specific Health and Safety Plan;

- Manage assigned Field Engineers/Inspectors in providing timely response to contractor queries and RFI's. Seek input/support from Engineering as required;
- Manage assigned construction contract changes as they arise; and
- Seek input/support from the Contracts Manager and Construction Manager in the preparation and execution of approved change orders.

➔ Ideal Candidate Requirements

- Minimum of 5+ years experience working in a Construction Management capacity on Canadian infrastructure projects;
- Bachelor's Degree/Diploma in Engineering, or Construction Management;
- Registered Professional Engineer (P.Eng.) with EGBC considered an asset;
- Experience assembling, managing and delivering construction contracts. The MMCD Certified Contract Administrator (MMCD CCA) designation is considered an asset;
- Working knowledge of local construction standards, codes, permits and safety requirements;
- Effective verbal and written communication and presentation skills with project stakeholders, the public, clients, regulatory agencies and consultants/contractors;
- Experience assembling, managing and delivering construction contracts;
- Proven experience writing proposals for EPCM and EPC type projects; and
- Familiarity with HeavyBid, Primavera, and other estimating software.

➔ Why You Should Join RAM

- Tuition Reimbursement and Career Planning
- Extended Health Benefits
- RAM Intramural teams
- Office Social Hours
- Business Casual Environment
- Quarterly Office Events
- Office Potlucks
