

CAREER OPPORTUNITY

SENIOR PROJECT MANAGER

Our Core Values are:

1. Safety
2. Innovation
3. Integrity
4. Sustainability
5. Fun

RAM is a technical consultancy providing Project Management, Construction Management, Engineering and Advisory services across Canada. RAM is searching for a motivated and energetic Senior Project Manager to join its team in Vancouver, BC. The successful candidate will be an individual that enjoys a challenging, professional and dynamic workplace and contributing to the success of a hard-working team.

➔ More About This Role

RAM's Project Management Team (PMT) are infrastructure delivery experts, from transportation to utility projects. Our experienced, in-house professionals have built cruise ship piers, rapid transit projects, utilities, overpasses, and highways for public and private clients. Due to extensive growth, our team requires a Project Manager to be a part of our team.

Further Responsibilities include the following:

- Provide leadership to the PMT and advise on training and professional development for junior staff including Assistant Project Managers as well as assist with recruiting key staff;
- Collaborate with other divisions to actively promote RAM and its other services;
- Identify and secure partnership opportunities, including leading and participating in the RFP processes;

- Overall project leadership, including:
 - Contract administration leadership
 - Stakeholder management and engagement
 - Permitting management
 - Communication management
 - Monitor budget and progress on projects
- Prepare, develop, and report on project status, scopes, risk, schedules and budget;
- Act as the key contact on projects with clients, stakeholders, sub-consultants, contractors and support staff and maintain key client relationships; and
- Chair and attend project and site meetings and communicate directly with clients, maintaining a respectful and professional working relationship.

➔ Ideal Candidate Requirements

- Minimum of 10+ years of consulting or public sector experience;
- Bachelor's Degree/Diploma in Engineering, Construction Management or Building Diploma is considered an asset;
- Registered Professional Engineer (P.Eng.) with EGBC, or Registered Applied Science Technologist (AScT) with ASTTBC considered an asset;
- Project Management Professional (PMP) designation with the Project Management Institute (PMI) considered an asset;
- Experience with complex construction values over \$10M;
- Experience assembling, managing and delivering construction contracts. The MMCD Certified Contract Administrator (MMCD CCA) designation is considered an asset;
- Adept knowledge of applied design and construction methods;
- Effective verbal and written communication and presentation skills with project stakeholders, the public, clients, regulatory agencies and consultants/contractors;
- Excellent report and proposal writing skills; and
- Experience assembling, managing and delivering construction contracts.
